

Pek Yen Lim

Pek Yen joined the Verdala Community as a staff member in 2016 and became a member of the parent community the following year. She grew up in Malaysia immersing a multicultural society, speaking 3 languages and graduated with a Bachelor degree in Analytical Economics.

At VIS, she worked as a PA to Principal for 5 years before moving on to her new role as the Data Systems Manager. Her past working experiences with international exposures have been in the banking, telecommunication and education industry, specializing in administration, teaching, procurement, supply chain and event management.

She is honoured to be representing as the first non-teaching staff member and she looks forward to serving the board with integrity by upholding the whole school ethos and culture whilst bringing her perspectives from all angles. She hopes to contribute positively towards the success and continuous growth of Verdala International School.
