Introduction

As per the Verdala International School Foundation Statutes (last amended in May 2023):

The Foundation shall have two main organs. These shall be the General Meeting (composed of the Community of the Foundation) and the Board of Directors (composed of Directors).

The Community of the Foundation shall consist of such individuals who shall be accepted as members of the Community by the Board of Directors under any such conditions which the Directors deem fit to impose, and who shall pay to the Foundation such fees, dues, or other sums of whatever nature as suggested by the Board of Directors and approved by the General Meeting (the "Community").

The fully paid-up parent(s) of children enrolled in the School shall hold one (1) membership in the Community ("Parent Members").

All current employees of the Foundation shall be members of the Community ("Employee Members").

Membership in the Community shall cease on terms as pre-established by the Board of Directors, on dissolution of the Foundation, or on the occurrence of such event agreed upon in any particular case between the member and the Board of Directors.

This Governance Policy defines the roles, responsibilities, and expectations of the two Organs, primarily, The Board of Directors, as well as key aspects of The Community. This Policy should be supplemented by a Board Handbook that outlines guidance on other procedures of the Board that are not binding but suggested.

1. Governance Guiding Principles and Structure

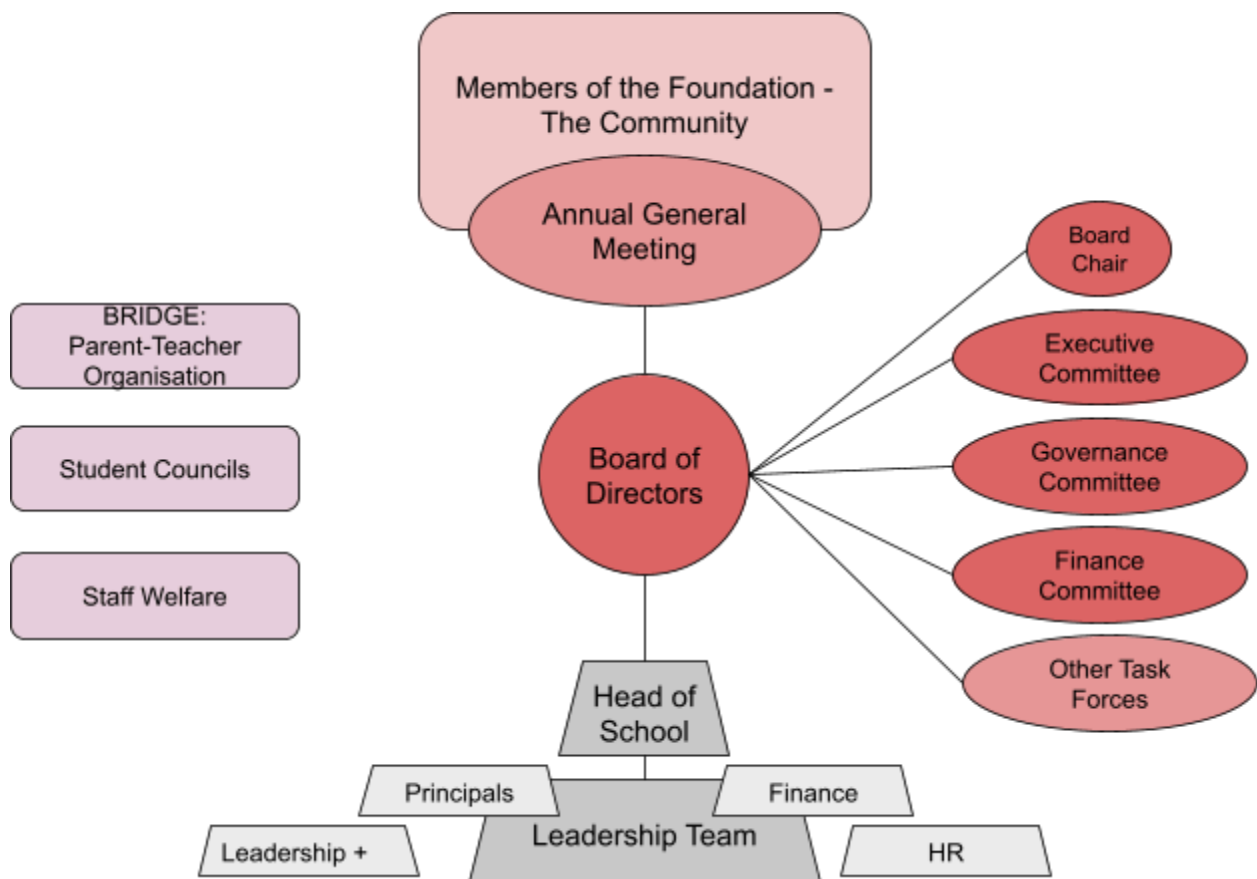

1.1. Guiding Principles

- Governance of Verdala International School (the “School”) will be carried out with accountability, integrity, transparency, the highest personal and professional ethics/standards and with commitment to the long-term interests of the School.
- Strong leadership, clarity of vision, clear roles and responsibilities, and effective management will enable the delivery of objectives and longer-term strategic goals, contributing ultimately to the realisation of the School’s Vision, Mission and Educational Philosophy.
- An inclusive and collaborative approach will be taken to engaging with and encouraging participation of members of the Verdala International School Foundation (the “Foundation”) and other stakeholders in decision making and planning.
- In abiding by the relevant Codes of Ethics and Conduct, members of the Foundation will help to create a safe, respectful and positive environment which reflects the values of the School.

All members of the Foundation sign a Code of Ethics (teachers and support staff) or Code of Conduct (parents) (Appendix 1). These Codes set out what is expected of members of the Foundation in their different roles to enable a safe and respectful environment in line with the School’s values. They are aligned with each other and with the Student Codes of Conduct.

1.2. Structure

The principal entities which play a part in the School's governance are: the Board of Directors and its Committees; the Head of School and Senior Leadership Team (the "Leadership Team"); and Community Voices which may include the Student Council, Staff Welfare, and Parent Teacher Association. The diagram below shows the relationship between these entities. The following sections explain each of the entity's roles and responsibilities.

2. Roles and Responsibilities

2.1. Board of Directors

2.1.1 Legal Status

The principal governing body of the School is the Board of Directors (the “Board”). All powers of the Board are derived from the Verdala International School Statutes (the “Statute(s)"). The Board shall only act as a group, meaning that individuals of the Board shall have no power to act individually. Individual members exercise authority only as they take action at a duly convened, official meeting of the Board. For more information regarding the Board’s decision making powers (e.g. majority and quorum required) please see Clause 3.1.2.

Board members have no individual authority for the legal and financial affairs of the School.

The Board is responsible to the members of the Foundation and must convene at least one General Meeting annually at which it reports on the activities and finances of the Foundation.

2.1.2 Roles and Responsibilities

The role of the Board is to safeguard and prepare for the School's future while ensuring that operations are consistent with the School's Vision, Mission and Educational Philosophy. ("Board Member(s)")

The Head of School shall also be *ex officio* entitled to attend all Board meetings unless otherwise arranged.

A Board Secretary takes the (open) minutes of Board meetings and manages Board communications.

2.2. Board Committees

The Board may establish Committees or temporary advisory Task Forces to give detailed attention to a range of policy and operational activities. These are not decision-making bodies. They report findings, make recommendations, and can make unsolicited proposals to the Board for decision and/or action. Each Committee or Task Force must have a Terms of Reference (ToRs).

Each committee is chaired or co-chaired by a member of the Board. They are made up of parent and teacher volunteers, as well as Board Members. The Board Chair and Head of School are ex officio members of every Committee.

The Board shall have the following permanent Committees and their role is given below with links to ToRs:

- **Executive Committee**
The Executive Committee is made up of the Board Chair, Governance Committee Chair and Finance Committee Chair, or another designated Board representative. The Executive Committee hires the Head of School, determines teacher salaries, evaluates the Head of School, carries out the Board self-evaluation. Moreover, the Executive Committee has the power of proposing members to act as Chair. Ideally, the Committee is made up of three members to enable effective decision-making (eg. majority voting).

The committee adheres to and develops the long-term (5 years) financial plan that aligns with the School's Strategic Plan and Facilities Plan. The Financial Manager is an ex officio member of this Committee.

The members of these Committees should be appointed for two year terms. The Board may establish new Committees as needed, provided a TOR is developed and approved.

Below are the current and possible Task Forces. The list of current active Task Forces and their corresponding Terms of Reference are kept updated by the Governance Committee Chair. A few possible Task Forces include but are not limited to:

- **Facilities Task Force**

The Facilities Task Force reviews current projects and makes recommendations to the

- **GDPR Task Force**

The GDPR Task Force monitors the GDPR policies, rules and regulations applicable to the School, ensuring that all aspects of the School are GDPR compliant. Any breaches of such policies, rules and regulations are reported to the Board.

- **Human Resources (HR) Task Force**

2.3. Head of School and Senior Leadership Team

2.3.1 The Head of School

The Head of School is appointed by and accountable to the Board.

The Head of School is responsible for the daily management of all aspects of the School's operation. The Head of School implements the policies, budget and strategic goals set by the Board.

2.3.2 School Leadership Teams

The Senior Leadership Team (Leadership Team) is made up of the Head of School, Financial Manager, Elementary, Middle and High School Principals. The Leadership Team supports the Head of School in the daily management and decision-making of the School and ensures multiple perspectives are taken into account while following policy.

The Leadership+ team comprises additional Directors (EDTech, Teaching and Learning, Wellbeing), Assistant Principals, and Programme Coordinators. They also support daily management and the Senior Leadership Team.

2.4. Other Community Bodies and Roles

2.4 Student Councils

Students are represented by the Student Councils in each section (Elementary, Middle and High School). Each Student Council is elected annually and has its own charter. The Student Council meets regularly to discuss matters relevant to their section of the School. When appropriate they meet with the Principal or the Head of School. On occasion they may be invited to speak to the Board and represent the student voice.

2.5 Parent Teacher Organisation

The Parent-Teacher Organisation (PTO) is referred to as the BRIDGE. The BRIDGE should have a Charter and an Executive Committee made up of volunteer parents and teachers who are elected each year per the rules of their Charter.

Their primary aim includes fostering community, fund-raising and/or supporting School initiatives. All proceeds raised are utilised at the School to help enrich the life and experience of the students. During the school year, parent and teacher volunteers organise a number of events for the community.

2.6 Class Parents

Each section of the School (Elementary, Middle & High School) has a group of class parents. The Principal or classroom teacher asks for volunteer parents at the beginning of each school year and, when appropriate, reaches out to class parents to provide support. Key elements of the class parent role include: helping to organise food for class parties and/or special section events; helping the class teacher to find extra supervisors for field trips with younger students; being a contact person for parents who join during the year, and sharing information regarding BRIDGE events. This group is not intended to act as a forum through which grievances can be reported. Class parents act in accordance with the Class Parent Protocol (Appendix 2).

3. Policies and Procedures

3.1. Board of Directors Policies and Procedures

3.1.1. Election of Board Members

The Board election takes place every two years. A comprehensive guide to election policy and practice is set out in Appendix 2. The results are announced at the Annual General Meeting (the “AGM”). More information regarding the election of the Board (Clause 3.1.1) and conditions for Board membership (Clause 3.1.2) can be seen in Section 3 and Appendix 12.

The Board year runs from the day after the AGM until the next AGM.

The Board elects its Chair from among its voting members or appoints an additional (non-voting) member to act as Chair. The election/appointment of the Chair must be agreed to in writing (including such stipulations as the amount of stipend to be paid etc.) and approved by the Board every two years.

The Board is responsible for managing the election, induction and training of Board Members, to ensure that as far as practicable Board membership reflects the international character of the School, and that the duties of the Board are carried out to a consistently high standard.

The Board is required to undergo regular Board training, both as a Board and as individual members. This may include online courses/conferences and/or a Board workshop facilitated by a consultant.

Before taking up a role on the Board, members must present a Conduct Certificate issued by the Malta Police and a professional reference letter if not already presented as part of the Election Process.

3.1.2. Key Conditions of Board Membership

Members of the Board serve in an honorary capacity and without remuneration (with the exception of the Chair who receives a written contract and stipend in accordance with Clause 2.1.3).

Parent members must have been members of the Foundation for at least one year.

Board Members are expected to attend at least 75% of Board meetings.

Potential members are not permitted to make, nor may the Board accept, any financial or other gift to the School or to themselves to secure Board membership, nor are they required, expected and/or permitted to make or receive such a gift as a condition of membership.

The content and substance of Board meetings are strictly confidential. To enable open and candid discussion, Board Members must keep confidential all information relating to discussions at meetings unless compelled by legal process to disclose such information, or as otherwise agreed by the Board. This condition applies to both during and after their term, in perpetuity.

Board members must have no substantial interests, including but not limited to financial interests that conflict with the interests of the School. It is the responsibility of Board Members to make known to the Board any circumstances that could involve a potential conflict of interest. In any such case, the Board shall decide whether or not a conflict of interest exists and whether it warrants any special measures, such as requiring the member to refrain from voting on a particular matter, or requesting their resignation.

All Board Members must sign a Code of Conduct, Conflict of Interest and Confidentiality declaration (Appendix 3).

Board members shall only be entitled to act on behalf of the Board in accordance with the wishes of the Board acting as a whole, as expressed by a majority vote at a quorate Board meeting.

3.1.3. Resignation, Retirement or Early Termination of Board Membership

Should a Board member not be able to complete their term, the Board may appoint a member of the Foundation to serve in place for the remainder of the Board's term.

A Board member cannot be dismissed during their term of office unless it can be proven that they have acted contrary to the School's Statutes or policies (in breach of the Code of Conduct, Conflict of Interest and Confidentiality declaration). In this case, the Executive Committee will investigate and make a recommendation to the Board on further action. The Board Member being investigated will then be given the chance to defend himself/herself and to rebut any claims put forward against him/her. Once the above process is completed, the Board will then vote on the matter.

3.1.4. Policy for General Meeting Motions for Resolutions

Article 6 (General Meeting) of the VIS Foundation Statute states that:

- iii. Resolutions proposed at any General Meeting shall be considered adopted if approved by a simple majority of the members of the Community present and voting.*
- iv. Members of the Community are only permitted to vote in person and are not permitted to vote by means of a proxy. All members of the Community shall be given an opportunity to cast their vote(s) using an electronic voting system that shall remain open for a period of at least twenty-four (24) hours prior to the General Meeting. For the purposes of this Statute, "present and voting" means any Member that has a right to vote during a General Meeting that is either present in person during a General Meeting whether held physically or by other electronic means, or that otherwise casts their vote(s) using the electronic voting system.*

To ensure transparency as per sub-clause 6 (iv) of the Foundation Statute, the Board has established a Policy for the submission of motions for resolutions to VIS General Meetings

1. A motion to consider a resolution may be submitted by any member of the VIS community who is eligible to vote at the General Meeting at which the motion is being submitted. Motions must be submitted to board@verdala.org, and must be co-sponsored in writing at the time of submission by at least 3 other members of the VIS Community. All sponsors must be identified on the proposed resolution text.
2. Henceforth, motions for resolutions need to be submitted to the Board not later than 6 weeks (42 calendar days) before the end of March of each year in respect of the Annual General Meeting ("AGM") and within 2 days after notice of an Extraordinary General Meeting. This is in order to enable adequate review and due diligence (including legal consultation, management review, and committee oversight). The Board shall consider and vote on each proposed resolution to decide on its eligibility for the General Meeting. This eligibility is determined by inter alia, potential liability to the School, coherence with School Values, Policies, and Practice, and the cohesiveness of our community.
3. The motion and the proposed resolution needs to be in line with both the Statute and Maltese Law. The motion must include the proposed text of the resolution intended to be taken and the principal purposes thereof.
4. Resolutions that pass due review and due diligence (as per clauses 2 & 3) are vetted by the Election Adjudicator, who is *ex officio* the Director on the Board appointed by the Government of Malta, or an alternative member appointed by the Director on the Board appointed by the Government of Malta. This vetting is limited to ensuring

that due diligence has been carried out as outlined above in clauses 2 & 3. The Adjudicator may not amend or revise the wording of the motion and the accompanying proposed resolution, but only make a determination of the admissibility or otherwise of the motion and the accompanying proposed resolution.

5. Resolutions that do not pass due review and due diligence will be returned to the submitter(s) by the Board Chair and may be amended and resubmitted to board@verdala.org, one time only, within 3 working days. If the resubmission does not pass due diligence and review, the submitter(s) will be informed and may not resubmit any motion for the General Meeting in question.
6. The Adjudicator shall have oversight of the due diligence and review process, and may propose improvements to the process if and where they are found necessary. The Adjudicator shall also receive and consider appeals from the submitter(s) and may recommend a final review or agree with the findings of the due diligence and review process. Appeals may only be submitted until 2 weeks (14 calendar days) before the AGM.
7. The Adjudicator's decision is final.
8. The accepted motions and accompanying proposed resolutions will be uploaded into the General Meeting community space with the Agenda and any additional documentation ahead of the General Meeting.
9. The Board Chair announces the results of voting for each resolution, as follows:
For: Against: No/Ineligible Vote/s: Resolution No. X is approved / not approved.

3.1.5. Board Meetings

In addition to the mandatory Annual General Meeting (AGM), the Board Chair shall convene regular meetings of the Board throughout the year. These will take place in person or online, depending on the circumstances, taking into account the availability of the members. In their absence the Chair appoints another member of the Executive Committee to assume the Board Chair role.

The Board is deemed to be quorate when all Board Members have been invited and a simple majority of Board Members is present. Decisions are taken by a simple majority of votes of those present.

Each Board meeting consists of open and closed sessions (in the latter the Board considers business of a sensitive nature). Members of the Foundation have the right to attend all open sessions in an observer capacity and will be noted by name in the minutes. Observers are not allowed to speak during the session. Should a member of the Foundation wish to attend the Board meeting, they must apply to the Board Secretary in writing via the board@verdala.org email address. Similarly, should a member wish to address the Board on a specific agenda item, they can do so in writing via the board@verdala.org email.

The Board agenda is posted on the VIS Portal for the community 1 week in advance of the meeting. Minutes are taken (see Minute taking procedures at Appendix 4) and archived. Minutes of the open session are posted on the VIS Portal before the following Board meeting.

The minutes of the AGM are uploaded onto the VIS Portal within a month of the meeting. However, they are not approved until the following AGM. Members of the Foundation may comment on the AGM minutes. Any such comments should be sent to the Board Secretary via the board@verdala.org email.

3.1.6. Policy Development

All members of the Foundation sign a Code of Ethics (teachers and support staff) or Code of Conduct (parents) (Appendix 1). These Codes set out what is expected of members of the Foundation in their different roles to enable a safe and respectful environment in line with the School's values. They are aligned with each other and with the Student Codes of Conduct.

The Board establishes, monitors and reviews policies covering all aspects of the School's operations. It ensures these policies are properly interpreted and implemented.

Adoption of new policies and amendment of existing policies are solely the function and responsibility of the Board.

In cases where action must be taken and the Board has provided no policy guidance for such action, the Head of School can take action. Where feasible, the Head of School should first consult with the Board Chair. Any such action shall be subject to review by the Board. It is the duty of the Head of School to inform the Board of such action and of the need for such policy.

All policies are presented to the Board, and given one month community feedback time before voted for approval in the following meeting. Please see Appendix 9 for the Policy Review Flowchart.

3.1.7. Board Communications

The Board recognises the need for regular, appropriate and effective communication to keep members of the Foundation up to date with developments related to Board decisions and their impact on the School. It is also important for enhancing understanding of the Board's role and support for its decisions.

The Board communicates with the members of the Foundation through the School management system - Managebac. Members of the Foundation can contact the Board directly via the board@verdala.org email address. Where necessary, a response will be sent from the Board Chair on behalf of the Board.

3.1.8. Appointment and Evaluation of the Head of School

The Board shall appoint a Head of School to be responsible for the daily management of all aspects of the School's operation. The Head of School shall be responsible for implementing the policies, budget and strategic goals set by the Board.

The Head of School is invited to attend every Board meeting (unless otherwise arranged) to address questions on the School's operational performance, and to offer recommendations and advice on a range of policy and operational matters.

Other specific tasks, duties and powers of the Head of School are otherwise specified in this Policy Manual.

The Board Executive Committee conducts an annual evaluation of the Head of School's performance based on objectives and indicators agreed between the Board and Head of School (see Head of School evaluation process at Appendix 7).

3.1.9. Evaluation of the Financial Manager

The Finance Committee, with the Head of School, conducts an annual evaluation of the Financial Manager's performance based on objectives and indicators agreed between the Finance Committee, Head of School and Financial Manager. The Executive Committee reviews the evaluation and bonus recommendation and presents a final proposal to the Board for approval.

3.1.10. Board Self-Evaluation

The Board conducts an annual self-evaluation of Board and individual member performance, based on agreed objectives and indicators established. This is carried out by the Executive Committee. Feedback from the Head of School is sought as part of the process. The Board reports the findings of the self-evaluation at the AGM. The results of the self-evaluation are used to set Board performance goals for the new Board year. The Board Self-Evaluation process can be seen in Appendix 6.

3.1.11. Complaints/Disciplinary Procedure

Complaints/Allegations of malpractice related to any aspect of the School and its operations shall be considered by the Board:

- Only in official meeting;
- Only when all avenues through the administration and Head of School have not been able to settle the matter;
- Only when the complaint/allegation is written and signed by the complainant.

Officially tabled complaints/allegations will be discussed in closed session with a view to establishing one of three courses of action:

- To dismiss the issue.
- To refer the issue to the Head of School for investigation and action. The Head of School will inform the individual(s) concerned of the nature of the issue. After investigation and action, the Head of School will report back to the next meeting of the Board. The Head of School may recommend further action as below.
- To raise the issue with the individual(s) in writing. The individual(s) shall be advised that they must reply in writing within three days. Following a further six days from the date upon which the reply of the individual is received, a meeting shall be set between the individual(s) concerned and the Board, or an Ad Hoc committee of the Board. Within a further six days from the above meeting, the Board will notify the individual(s) as to the action (if any) they will take. The Board (or where appropriate the Head of School) will inform the complainant of the outcome of the Board's deliberations.

Complaints/allegations shall be judged strictly in the light of School policies, regulations and procedures, and with due regard to due process. Every effort shall be made to settle the matter fairly while not compromising the School's principles and values. The Board's decision shall be final, binding on all parties, and the final point of arbitration.

3.1.12 Whistleblower Policy

The aim of the Whistleblower Policy (found in the [HR Policy](#)) is to regulate the receipt, investigation and processing of whistleblowing reports by employees, in a timely and appropriate manner. The policy forms an integral part of the VIS Governance Policy.

VIS's whistleblowing Reporting Officer is the Board Chair.

A whistleblower is an employee who reports certain types of wrongdoing related to the employer or other employees.

This Whistleblowing Policy sets out:

- The persons who are afforded protection by the law;
- Which disclosures are protected;
- A non-exhaustive list of actions that whistleblowers are protected from;
- The procedure by means of which a disclosure can be made internally;
- The contents of the report.
- The procedure by means of which a disclosure can be made externally.

3.1.13. Appeal of Head of School Decisions

The Head of School is responsible for interpreting and implementing policy set by the Board. Should a member of the Foundation feel that a decision by the Head of School is inappropriate (for example in cases where such decisions taken breach the School's values), they may appeal that decision.

Appeal Procedure: Should a member of the Foundation disagree with a decision of the Head of School, they must request reconsideration by the Head of School in writing (email). The Head of School will acknowledge receipt of the request and respond as soon as possible thereafter. Should they remain unsatisfied they may lodge an appeal of the decision within ten working days. An email fully stating the nature of the appeal shall be sent to the Board Chair with a copy to the Head of School.

After allowing the member(s) of the Foundation and the Head of School a chance to state their positions, the Board Chair may:

- Request clarification in written form or through a meeting with the aggrieved party and/or Head of School;
- Offer their personal view and recommend that the aggrieved party and/or the Head of School attempt to reach agreement; or
- Refer the matter to the Board for immediate decision or a relevant Committee for a recommendation if there is no agreement between the Head of School and aggrieved party.

All decisions of the Board are considered final and no further appeal will be accepted.

3.1.14. Head of School Relationship Management Protocol

The Head of School Relationship Management Protocol is a mechanism that aims to shield the Head of School from being engaged in excessive/burdensome/lengthy issues and/or unnecessary engagements with individual parents or other external stakeholders.

Process: The Head of School can activate the Relationship Management Protocol at any time.

They raise the need for the protocol with the Board Chair and together they agree on who in the Board is best suited to manage a specific relationship/issue. This is subsequently raised with the relevant Board Member and the best relationship management approach and timeframe is then discussed and agreed. The appointed Board Member manages the relationship for the Head of School from then on and for the timeframe agreed. If required, the Board will monitor the relationship management process during Board meetings.

Relationship reassignment: The Head of School and Board Chair may at any point request to deactivate the relationship management process. The Board Chair may also re-assign the relationship management focal point in the Board if needed.

3.1.15. Legal Counsel

Legal counsel may be engaged by the Board, and should be available for consultations on general routine matters relating to actions or decisions by the Board. The legal counsel should be kept informed of legal issues affecting the School and called upon for assistance as needed.

3.1.16. Parent Code of Conduct Serious Breach Protocol

The VIS Parent Code of Conduct (Appendix 1) sets out the conduct expected of parents in all VIS fora.

Serious breaches, including abusive behaviour of any kind, directed at any member of the School's community (staff, students, other parents), will not be tolerated and will be dealt with as per the below protocol.

Process: in the event of a serious breach, the parent in question will be invited to attend a meeting with the Head of School or the Board's Executive Committee. The nature and circumstances of the breach will determine which. The Head of School may refer a case directly to the Executive Committee at any time. All instances of abusive behaviour dealt with by the Head of School will be reported to the Executive Committee. In the first instance, the Head of School/Executive Committee will issue a warning, making clear that such behaviour is unacceptable, is a breach of the code of conduct and must not happen again. In the case of repetitive incidents involving the same parent, further action may be taken by the Executive Committee. This could include removal of the parent from the Foundation (i.e. withdrawing their right to vote; not removing their children from the School).

Unacceptable behaviour during in-person or online meetings (including community meetings) will not be tolerated and will be dealt with as below.

Process: the Chair of the meeting will ask the parent in question to refrain from such behaviour; if the behaviour persists, the Chair will ask the parent to leave the meeting (in the case of online meetings, the Chair will remove them from the meeting). The Executive Committee will invite the parent to a meeting, following the process set out above.

3.2. Board Committee Policies and Procedures

Committees are not decision-making bodies and any decisions made by them are non-binding. The powers of Committees are generally reserved to making recommendations or proposals. The Board may accept or reject any recommendations or proposals they make and thus retains its role as the sole decision maker.

To ensure continuity at the end of the term, Committees shall continue operating in a caretaker capacity until the new Board confirms a new list of Committees. This will take place at the first Board meeting after the AGM.

Each Committee shall be chaired or co-chaired by a member of the Board. Membership of each Committee will be agreed by the Board at its second meeting. Each Committee chair shall discuss candidates with the Head of School, and submit a recommended list of members to the Board. The decision of the Board is final.

Without prejudice to the final decision of the Board, previous Committee members will be asked whether they wish to continue. The Head of School will issue a call to the members of the Foundation for parent and teacher volunteers. The Head of School may also designate relevant School representatives to attend particular Committees.

Non-Board Committee members shall sign a Code of Conduct, Conflict of Interest and Confidentiality Declaration (Appendix 5).

Agendas for all meetings will be circulated to Committee members in advance. Minutes will be taken, archived and made available to the Board as necessary.

The Board shall at any time have the power to:

- Task Committee assignments;
- Request an account of any Committee or member thereof;
- View any documentation being considered or generated by any Committee;
- Terminate or reformulate any Committee, including its leadership and composition.

3.3. Operational Policies and Procedures

3.3.1 The Board Manual and its Master Policies

The Board Manual is made up of the overarching Guiding Statements and a number of Master Policies:

- B1 Governance;
- B2 Finance;
- B3 Human Resources;
- B4 Academic;
- B5 Student Well-being;
- B6 Information Technology;
- B7 GDPR.

Together they set out how the School is governed and operated in the context of its principles and values. The Master Policies are reviewed systematically as part of the Board's policy review cycle to ensure they remain fit for purpose. The Board Manual is available on the School website and for employees on the School's online platform/ drive.

3.3.2 Strategic Planning

The School recognises that long-term planning is essential to delivering its vision, mission and educational philosophy. It is committed to high quality planning and decision making grounded in long term and yearly strategic goals. To this end, a 5-year Strategic Plan, underpinned by a detailed Action Plan, sets out high-level strategic goals that shape the future of the School, and from which all other actions and plans follow. The Plan is reviewed regularly, and the full Strategic Planning process is repeated every 5 years. This is a requirement as part of the School's Accreditation.

The role of the Board is to drive strategic thinking and monitor and measure progress. The role of the Head of School is to ensure implementation of the strategic plan and to provide evidence of progress and achievement.

3.3.3 Crisis Management

The School is well prepared to deal with a range of crises, critical incidents and emergency situations. In any such case the Head of School activates the Crisis Management Team to ensure a coherent and co-ordinated response. The Crisis Management Team trains annually to best prepare for such situations and to ensure change of personnel is accounted for and responsibilities are up to date. Further detail is set out in the Health and Safety Handbook available to all staff via the School's online platform/ drive.

3.3.4 Host Country Government Relations

The School shall maintain good relations with the Government of Malta, underpinned by the Memorandum of Understanding. The School shall also maintain good relations with agencies and bodies at a national and local level whose activities affect or may affect the School in any way. This shall include, but is not limited to:

- Ministry of Education;
- Other educational institutions;
- Pembroke Local Council;
- Law enforcement agencies;
- Emergency services.

The School will comply with all directives given by the judicial authority of Malta. In doing so, the School administration will seek the advice of its legal counsel; acknowledge all legally binding orders of the court; and either comply, seek clarification, or file an appropriate counter-action. In all cases of significance, the Head of School will notify the Board with details of the issue/matter.

3.3.5 Communications

The School is committed to regular, appropriate and effective communication with a range of stakeholders, above all with members of the Foundation. The School communicates with members of the Foundation in a variety of ways not only to pass routine information, but also to inform and educate about the workings of the School, to solicit support and involvement, and to celebrate achievements. The School encourages two-way communication. In addition to the usual channels for members of the Foundation to communicate with the School, a community survey is issued on an annual basis. This gives the opportunity to provide feedback on the School and its performance. The results are summarised by the Leadership team and shared with the Board and members of the Foundation.

The School also communicates externally to promote the School as the International School of choice in Malta, but also to contribute to the debate on evolving education locally and internationally.

The School uses a number of web-based school management systems to facilitate home learning for Elementary, Middle and High school students.

All systems used for communication by the School are subject to and shall abide by GDPR regulations.

2. Nomination and Election to the Board

Current elected members of the Board are to declare their intention to stand again to the Head of School before nominations are sought in accordance with and in addition to the following separate rules for Parents and Professional Staff:

2.1 Parents

1. The Head of School will seek nominations at least two months prior to the Annual General Meeting, by letter, email, and/or notification through other School communication channels, as sent to all parents.
2. Parents may only vote for parent candidates.
3. Parents interested in accepting nomination must:
 - a. attend a pre-nomination orientation meeting convened by the Head of School, and attend a Board meeting prior to the election. Exception to attending the orientation is given to candidates who have previously been a Board member.
 - b. have been members of the Foundation for at least a calendar year before accepting nomination.
 - c. not be cohabiting or married with a Verdala professional staff member. This is stipulated in order to preserve the balance of parent and teacher representation on the Board.
 - d. be the only person accepting nomination from their family.
4. Those nominating and seconding parent candidates must be parent members of the Foundation
5. Nominations shall close in accordance with the timeline, nominally at 3.30pm on the day falling 28 running days prior to the Annual General Meeting. Duly

nominated and seconded candidates will be entered on numbered voting document(s) circulated to all parents.

6. Each foundation parent membership shall have one voting document per child currently enrolled in the School. Each voting document will allow for selecting one Parent Candidate per vacant Parent board member position.
7. Any exceptions to these procedures must be approved by the Board in the Open Minutes with a Memo and supporting rationale.

2.2 Professional Staff

Professional Staff means full time employees contracted with at least one full year of experience at Verdala International School (the School).

1. The Head of School will seek nominations via school email at least two months prior to the Annual General Meeting.
2. Those nominating and seconding professional staff candidates must be professional staff members of the Foundation.
3. Professional Staff, including those who have children at the School may only be candidates under the staff category.
4. (a) Professional Staff without children attending the School can only vote for staff candidates

(b) Professional staff who have children attending the School may vote in both categories (parents and professional staff)
5. Candidates must attend a pre-nomination orientation meeting convened by the Head of School, and attend a Board meeting prior to the election. Exception to attending the orientation is given to candidates who have previously been a Board member.
6. Nominations shall close in accordance with the timeline, nominally at 3.30 pm on the day falling 28 running days prior to the Annual General Meeting. Duly nominated and seconded candidates will be entered on numbered voting document circulated to all professional staff.
7. Each professional staff member will have one voting document allowing up to two selections for professional staff candidates. Professional Staff who have children at the School should refer to parent's section clause 6 above.

3. General Guidelines

1. The election in each category (parents & professional staff) will be determined on a first past the post basis. To this effect, the successful candidates will be those who

obtain the highest number of votes according to the number of candidates that need to be elected. Hence, if 3 candidates are to be elected and the ballot vote contains (by way of example) 10 candidates, those three candidates with the highest number of preferences will be declared successful and the remaining seven unsuccessful.

Provided that, should two or more candidates for a last post obtain the same number of votes, then a vote-off ballot will be held between such candidates. The vote-off ballot will follow the standard election procedures for the relevant category and its results will be announced at an Extraordinary General Meeting convened for this sole purpose 7 days after the AGM. In the meantime, the Board of Directors will continue to function with the other duly elected and nominated members during this vote-off period.

2. The number of votes for each candidate and the names of the successful candidates will be announced at the Annual General Meeting, published on the School's Parent Intranet and communicated the next day by school email communication. The School's Parent Intranet upload will remain uploaded until the next results are published.
3. All candidates will sign and adhere to an Election Code of Conduct. All members of the Foundation are expected to comply with this Code of Conduct.
4. The Head of School will arrange for each candidate to have a photo and approx. 1000 word statement (photo & document must be provided by each candidate in one complete PDF form) published on the School's Parent Intranet during the election period. In addition candidates will provide a short summary (of not more than 150 words) to be included on the online voting platform.
5. The Head of School will arrange a social evening for the parents where foundation members can meet all nominated candidates and engage in a moderated question and answer session. Due to the fluid nature of this discussion, minutes will not be taken. Should physical meetings be precluded due to health or other emergencies, this event will be held using a suitable online conferencing software (e.g. Zoom).
6. The Head of School will arrange an after school meeting for the professional staff to engage in a moderated question and answer session with the professional staff nominated candidates. Due to the fluid nature of this discussion, minutes will not be taken. Should physical meetings be precluded due to health or other emergencies, this event will be held using a suitable online conferencing software (e.g. Zoom)
7. School communication such as Managebac, the Verdala.org email system or class parent group communication must not be used for election campaigning purposes. Candidates sending election materials through such formats will be disqualified.

8. The Head of School will designate common display areas where candidates may post attributed information which is ethical, respectful and appropriate for a student audience. Candidates will be allocated equal space in the display areas. No other materials may be distributed or displayed. The Head of School reserves full and complete discretion over the suitability or otherwise of the information provided by candidates, and has sole and exclusive authority to remove and /or disallow the publication and/or distribution of any such information. Should physical attendance at school be precluded due to health or other emergencies, only the publication of the information in para 4. above will be made on the school intranet.
9. In order to ensure all candidates are aware of current issues discussed by the Board, all candidates are strongly encouraged to read the comprehensive open session Board minutes available on the Parent Intranet.
10. If there are only three or fewer parent nominees or only two or fewer nominees, the election and election events in the relevant category will be cancelled and the new directors (those nominated) will be declared at the AGM. The board will then co-opt new member(s) for any deficient category, as if the deficient board member(s) had left during their term of office.
11. If there are only three parent nominees and only two nominees, election or election events in the relevant category will be cancelled and the new directors will be declared at the AGM.
12. Foundation members who do not vote, will automatically be deemed to have abstained, however this will not be reflected in the final result.
13. Any election-related printed documentation, which is used as part of either election procedures, is to be archived in a secure place in the school safe until the next AGM.

4. Timeline

The Head of School will define the time-line taking into consideration working days based on the following:

- Two months prior to the AGM a call for nominations is issued by the Head of School
- Nominations will close 28 running days prior to the AGM
- Within a week of nominations closing (at least 21 days before the AGM) the Head of School will post the nominations statements (submitted by nominee) & photo (one complete PDF) on the parent intranet and community notice boards
- Within two weeks of the nominations (at least 14 days before the AGM) closing the Head of School will organise a pre-orientation meeting with all candidates, where attendance is required unless previously a Board member

- Within 3 weeks of the nominations (at least 7 days before the AGM), the Head of School will organise a moderated Q&A forum each for professional staff and parents, minutes are not taken

- The results are announced at the AGM.

5. Voting Procedures

All voting documents are confidential and non-transferable.

All voting takes place via an off-site, cloud-based, secure and GDPR compliant, online election service.

An adjudicator will take control of the online election service and, as the sole administrator, only this person will have access to the online election system.

The Maltese Government Representative is assigned the duty as adjudicator, in the event that they are not available the Maltese Government Representative will appoint an independent replacement.

Two online elections will run concurrently in the same period; one for parent board representatives and one for the teacher board representatives.

Refer to the following Appendices for detailed procedures :

- Parent Board Election Procedures
- Teacher Board Election Procedures

An email address (viseselection@verdala.org) will be created and maintained by the adjudicator. Election related correspondences will only take place through this email address.

6. Appeal procedure

The Adjudicator will look at all aspects of the process (Nominations, Campaign and Election Process) to ensure that it has been fair and correct; the Adjudicator will confirm this before the results are announced.

Any concerns regarding

- (i) Nominations
- (ii) Campaign
- (iii) Election Process,

must be put in writing to the Adjudicator via Adjudicator@verdala.org or in person before the results are announced at the AGM.

If the Adjudicator deems that any concerns require investigation, the Adjudicator may at his sole discretion halt the election process and proceed with an inquiry, request a re-count and/or new election.

In the case of a need for a recount, the Adjudicator can download the actual votes and perform a manual recount on a spreadsheet. It is important to note that the downloaded data DOES NOT link the voter to their respective vote.

The Adjudicator will formally close the appeal process before initiating the results procedure by closing the election. The Adjudicator will review the results with the assistance of the IT Manager to ensure there are no irregularities. In the event of irregularities the Adjudicator may declare a force majeure and either pause the election process or declare it void. Following this check the final results are announced.

There is no right to appeal after the election results are declared at the end of the AGM.

In case of a technical force majeure (WI-FI and / or Internet connection disruption, power outage, hardware failure, etc.) and no other alternatives are available to access the cloud-based election software to process the election results, the election process will pause and resume during another extraordinary AGM.

Examples may include but are not limited to:

1. Notices that one or more election candidate names' has changed since the initial election configuration
2. Verifies that more ballots have been processed by the cloud-based election software than the number of ballots stipulated at the initial election configuration
3. Notices that an abnormal percentage of votes have been assigned to a specific candidate and no other votes have been assigned to other candidates

Each member of the Board shall do their utmost to adhere to the following standards and principles:

- To represent all school community constituents honestly and equally and refuse to surrender their responsibilities to special interest or partisan groups.
- To refrain from making use, or allowing third parties to make use, of any school, personal and third party information to which they have been privy to harm the

interests or reputation of the School community. Such refrain shall continue even after they have left the Board.

- To avoid any conflict of interest or the appearance of impropriety which could result from their position, and will not use Board membership for personal gain.
- To recognise that a Board member has no legal or policy authority as an individual and that decisions can be made only by a majority vote at a quorate Board meeting.
- To take no private action that might compromise the Board or administration and to respect the confidentiality of privileged information.
- To abide by and support majority decisions of the Board, while retaining the right to seek changes to such decisions through ethical and constructive channels.

- To model continuous learning to ensure good governance by taking advantage of Board member development and training opportunities and encouraging all Board members to do the same.
- To strive to keep the Board focused on its primary work to advance the VIS Vision, Mission and Strategic Plan.

2. Conflict of Interest

It is a fiduciary obligation of all Board members and Sub-Committee members to avoid "conflicts of interest". Board and Sub-Committee members must have no substantial

financial or other interests that conflict with the interests of the School. A conflict of interest is generally defined as a transaction in which, because the individual, or the relatives of the individual¹ is, either directly or indirectly, a party to the transaction or a possible beneficiary of the transaction, there is or may be a conflict between the individual's fiduciary obligations as a member of the Board and the individual's personal or business interests. It is the responsibility of Board and Sub-Committee members to make known to the Board any circumstances that could involve a potential conflict of interest. In any such case, the Board shall decide whether or not a conflict of interest exists and whether it warrants any special measures, such as requiring the member to refrain from voting on a particular matter, or requesting their resignation.

To avoid potential conflict of interest problems, the following procedures apply:

1. In any transaction involving the School and/or a Board member and/or Sub-Committee member, and any corporation, partnership or other entity in which an individual is an officer, director, staff, or committee member and has or expects or intends to have a financial or other beneficial interest, such individual, prior to any discussion or decision concerning the transaction, shall fully disclose to the Board or the appropriate Sub-Committee considering the transaction the material facts of the transaction and the individual's interest or relationship.
2. Upon such disclosure, the Board shall decide whether or not a conflict of interest exists and whether it warrants any special measures, such as requiring the individual to withdraw from discussion and/or refrain from voting. In this case, the individual shall take no further part in the meeting while the proposal is considered and voted upon.
3. After receiving such disclosure, and prior to approving the transaction, the Board or Sub-Committee must conclude that the transaction is fair to the School and must approve the transaction without the participation or the vote of the interested individual.
4. The interested individual's presence at the meeting may be counted for determining whether a quorum of the Board or Sub-Committee is present, but that individual shall not vote on the transaction.

¹ All references to "individual" include relatives of individuals.

3. Confidentiality

The content and substance of Board meetings are strictly confidential. To enable open and candid discussion, Board members, members of Sub-Committees, and all those in attendance at Board meetings must keep confidential all information relating to discussions at meetings unless compelled by legal process to disclose such information, or as otherwise agreed by the Board. This condition applies to both during and after their term.

While the aforementioned individuals are free to discuss the result of Board Open Session action items as they appear in approved Board minutes, disclosing any information concerning the discussion of such items during the Board meeting is prohibited. Disclosing any information, decisions and/or discussion which occurs in Closed Session is prohibited unless compelled by legal process to do so.

Board members acknowledge that any violation of this policy could cause harm to the School and frustrate Board deliberations. Therefore, any Board member who violates this policy shall be subject to termination of their Board position.

4. Board Agreement

As a member of the Verdala International School Foundation, I have volunteered to serve on the Board of Directors. I have read, understood and agree to the terms set out above, as well as the policies and procedures related to the Board in the Statutes, Governance Master Policy and Board Handbook. I understand that if found to have acted in breach of this Code of Conduct, Conflict of Interest and Confidentiality declaration, and/or contrary to the School's Statutes or policies my Board membership will be terminated.

Appendix 4 - Board Meeting Minute-Taking Procedures

The following procedures apply for both Open and Closed Board Meeting minutes.

1. Minutes shall be taken by Minute takers as designated by the Board in agreement with the Head of School. The Head of School shall make the necessary arrangements to ensure that Minute takers can be present for Board meetings, and can conclude the draft minutes in a timely manner.
2. Minutes shall start with the list of those present and excused, both Board members and third parties, with full names and initials.
3. In the case of Open Sessions, observers from the School community are listed as observers with their full names recorded in the Minutes.
4. Thereafter, whenever reference to Board members and attendees needs to be made, initials are used.
5. Minutes shall indicate the starting time of each session.
6. The first item in the Minutes is approval of the Minutes (after any amendments, if needed) of the previous Board meeting.
7. The second item is Matters Arising from the Minutes just approved. This includes consideration of the Action Points noted in those Minutes.
8. Minute takers shall keep detailed notes during the Board meeting. However, these are not to be considered as Minutes and are to be securely archived.
9. Some agenda items may be for the information of or discussion by the Board. Other items, in which for example a binding decision is required to be taken, shall require the Board to vote. In case of a vote, the Minutes shall include the full wording of the motion. They shall then show the number of Board members present in favour, those against, and any abstentions.
10. Should an agenda item conclude with a unanimous vote on the way forward, the Minutes do not need to give a detailed summary of the discussion prior to the vote.
11. Should an agenda item conclude with a vote on the way forward that is not unanimous, or if a decision is not taken due to the need for further discussion, the Minutes will summarize the key issues raised without referring to particular speakers, unless the speakers themselves wish to be identified, or this is necessary for the purposes of clarity.

12. If a decision taken during a previous Board Closed Session needs to be recorded in the Open Session minutes, the transposed Minute/s shall so indicate.
13. Minutes shall end with a list of the Action Points already noted throughout the Minutes.
14. The Board Chair shall receive the draft Minutes from the designated Minute taker, finalise them and share them with the other Board members for comment.

Appendix 5 - Verdala International School Board Sub-Committee Code of Conduct, Conflict of Interest and Confidentiality Declaration

Standing or temporary advisory Sub-Committees are established by the Verdala International School (the School) Board of Directors (the Board) to give detailed attention to a range of policy and operational activities. Sub-Committees are not decision-making bodies. They report findings, make recommendations, and can make unsolicited proposals to the Board for decision and/or action. - To take no private action that might compromise the Sub-Committee, Board or administration and to respect the confidentiality of privileged information.

To prepare for, attend and actively participate in Sub-Committee meeting.

2. Conflict of Interest

It is a fiduciary obligation of all Board members and Sub-Committee members to avoid "conflicts of interest". It is the responsibility of Board and Sub-Committee members to make known to the Board any circumstances that could involve a potential conflict of interest. In any such case, the Board shall decide whether or not a conflict of interest exists and whether it warrants any special measures, such as requiring the member to refrain from voting on a particular matter, or requesting their resignation.

To avoid potential conflict of interest problems, the following procedures apply:

5. In any transaction involving the School and/or a Board member or Sub-Committee member, and any corporation, partnership or other entity in which an individual is an officer, director, staff, or committee member and has or expects or intends to have a financial or other beneficial interest, such individual, prior to any discussion or decision concerning the transaction, shall fully disclose to the Board or the appropriate Sub-Committee considering the transaction the material facts of the transaction and the individual's interest or relationship.
6. Upon such disclosure, the Board shall decide whether or not a conflict of interest exists and whether it warrants any special measures, such as requiring the individual to withdraw from the meeting and/or refrain from voting. In this case, the individual shall take no further part in the meeting while the proposal is considered and voted upon.
7. After receiving such disclosure, and prior to approving the transaction, the Board or Sub-Committee must conclude that the transaction is fair to the School and must approve the transaction without the participation or the vote of the interested individual.

² All references to "individual" include relatives of individuals.

8. The interested individual's presence at the meeting may be counted for determining whether a quorum of the Board or Sub-Committee is present, but that individual shall not vote on the transaction.

3. Confidentiality

Sub-Committee members acknowledge that any violation of this policy could cause harm to the School and frustrate Sub-Committee and/or Board and deliberations. Therefore, any Sub-Committee who violates this policy shall be subject to termination of their position.

4. Sub-Committee Agreement

As a member of the Verdala International School Foundation, I have volunteered to serve on the XX Sub-Committee. I have read, understood and agree to the terms set out above. Appendix 6 - Board Self-Evaluation Process

Purpose

The purpose of the Board self-evaluation is to identify areas of Board functioning that are working well and those that may need improvement. It is an opportunity for an open and candid discussion about Board and Director responsibilities, and Directors' interests and desires for the School.

What is the Board after?

Each year, the question must be asked: What does the Board wish to attain from the self-evaluation – and then add that element to the design of the Board self-evaluation.

The outcomes of a Board self-evaluation that are sought are:

1. A summary of what the Board does well and its accomplishments;
2. A better understanding of what is needed from each Director and the Head of School to be an effective board and Board/Head of School team;
3. An assessment of progress on the previous year's goals and identify what needs to be completed; and
4. Goals and tasks for the coming year related to Board performance and its leadership.

Given the relatively short Board terms, it should also be ensured that the Board strives to issue a strong handover to the next Board – including communicating to the next Board documented lessons learnt.

What processes are available?

Self-evaluation processes range from informal discussions to formal, structured assessment surveys or interviews. A Board evaluation, whether formal or informal, should result in a report that describes the process, summarises the results, and identifies actions that the Board may take as a result of the evaluation.

The self-evaluation process

The process for the Board self-evaluation includes:

1. A 90-minute dedicated and facilitated Board exchange on items 1, 3 and 4 above – which also draws lessons learnt from the year for the next Board.

2. A 60-minute exchange between the HOS and Board on item 2, which draws Head of School's view on Board performance (fiduciary, strategic, and sense-making roles) and the Head of School/Board view of how to further strengthen the Head of School/Board partnership.
3. A self-assessment online survey, which covers the elements in the Board Self-Evaluation (PDF) template on the Board drive or the Standard School Board Self Evaluation (PDF) attached here.

The Board Chair compiles the outcomes of the self-assessment in a short (5-10 page) report, which is then submitted for discussion at the Board.

Appendix 7 - Head of School Evaluation Process

Background

As part of the Board's fiduciary role, the Board is responsible for hiring, nurturing, and evaluating the Head of School. The evaluation is particularly important because it provides clarity and alignment between the Head of School and Board on the School's strategic goals.

The Board is the keeper of the strategic plan and expects that the plan be implemented under the leadership of the Head of School. The Head of School evaluation is a primary means by which progress toward strategic goals is assessed.

Purpose

The Head of School evaluation process should be structured to focus intentionally only on areas relevant to the Board's expectations of the Head of School.

The purpose of the Head of School evaluation is to:

- Assess the Head of School's contribution to progress against strategic goals and key targets in the School's strategic plan;
- Assess the Head of School's performance in the areas defined by the contractual job description and the advancement of annually agreed KPIs;
- Enable a Head of School self-assessment against strategic goals, job description, annual KPIs and provide opportunity for inputs towards the next annual KPIs;
- Generate and draw into an assessment of Head of School's performance stakeholder views (staff, parents, Student Council); and
- Provide feedback on performance and professional growth, as well as decide on the annual performance bonus.

Process

The process for the Head of School evaluation includes:

1. A dedicated 30-minute session of the outgoing Board on Head of School performance with recommendations to the new incoming Board;
2. An online survey of outgoing Board members on Head of School performance;

3. An Executive Committee 90-minute interview with the Head of School on strategic goals, key targets in the School's strategic plan, as well as annual KPIs;
4. An Executive Committee presentation to the new Board of the outcomes of the interview with the Head of School and a 30-minute facilitated Board exchange on Head of School performance and next year's KPIs;
5. A Head of School self-assessment on strategic goals, key targets in the School's strategic plan, as well as annual KPIs;
6. A survey (staff, students, parents) on perceptions of Head of School's performance;
7. A dedicated 45-minute session of the new Board on the self-assessment and survey, along with a review of previous information, to discuss professional growth areas + the bonus; and
8. A Board/ Head of School feedback session on professional growth areas + the bonus and KPIs for the year to come.

The Board Chair will compile the outcomes of the Head of School evaluation in a short (5-10 page) report.
